LaBelle Bowling Team Reorganized for the Second Series.

WRIGHT AND HANNAN WITHDRAW.

LaBelle's Games with Pen and Pencil to be Played Friday Evening—The Races at Alexander Island and New Orleans—McClelland Accepts Bell's Challenge for a Five Mile Race. Other News of Sport.

The second series of the championship season of the Wheeling Bowling League was to have opened last evening at Wheeling park with two games between the LaBelle and Pen and Pencil teams, but a postponement was made necessary on account of the reorganization of the LaBelle team, and the games will be played Friday evening.

Two members of the La Belle team, Wright and Hannan, decided to withdraw from the team for the second series, leaving the team with but four available players. Under the circumstances, the Pen and Pencils did not hesitate to consent to the postponement. The La Belle team will be reorganized at once, and the board of managers of the W. B. L. will be asked to allow the new men to commence work with the team without the usual thirty days' notice. To act on this and other matters, the board of managers has been called to meet Thursday evening at the McLure house.

MCCLELLAND ACCEPTS

Bell's Challenge to Skate a Five Mile Race at the North End Rink.

Sports Editor of the Intelligencer.

Sir:—In reply to Champion John J. Bell's challenge in the Wheeling Register some two weeks ago to skate E. C. McClelland five miles on roller skates for \$250 a side and allow McClelland three laps start, I, E. C. McClelland, will accept Bell's challenge and skate him five miles for \$250 a side on January 22, 1895, at the North End rink, Wheeling, Bell to allow McClelland three laps start in five miles, the winner to take all stake money and 75 per cent of the gate receipts. I will meet Mr. Bell and his backers at the Register office at any time they mention and deposit my money and sign articles. I am also open to run a foot race of five miles up to twenty-five miles with any foot runner in the world on an indoor track, five weeks from signing articles for from \$250 a side up to \$1,000. Anyone wishing to accept this challenge by calling at the Intelligencer office and depositing a forfeit will oblige me.

E. C. McClelland.

"BUCK" WITH ST. LOUIS.

The Well-Known Base Ball Manager May Go With St. Louis.

A. C. Buckenberger will, in all likelihood, manage the St. Louis Browns next season. President Von Der Ahe, on last Friday, asked for Buckenberger's terms which were forwarded. As a result of the correspondence, "Buck" left Pittsburgh for St. Louis last night to close the deal.

Four Favorites and a Third Choice Won.

WASHINGTON, D. C., Jan. 1.—Four favorites and a well-played third choice captured the five races to-day at Alexander Island. Summaries:

Chicago Team Loses.

Yesterday at San Francisco, battered and weakened by two hard contests, the Chicago University foot ball team went up against the giants of the Reliance Athletic club in their third game in one week, and suffered defeat by a score of 6 to 0.

A FACTIONAL FIGHT

In a Long Island Church Results in the Disruption of the Choir.

NEW YORK, Jan. 1.—The Methodist church choir at Port Jefferson, L. I., has been disrupted because of a rehearsal given there by the Epworth League.

The organist and the members of the choir objected to the church being used by the League. They decided to hold their rehearsal on the night fixed for the League rehearsal. They were first in church on the evening in question. They sang their hymns over and over again while the others waited patiently in the pews below. Eleven o'clock came and the League people and the singers showed no disposition to go. Then the organist locked up the organ and the choir left the church and the League people in darkness.

The League found the sexton's key, unlocked the door, and lighted the lamps and proceeded with their rehearsal. The jubilee was held. The church choir is broken up. The organist has left the church.

WAS'NT SETTLED

According to the Code—Duellists Carry Their Case Into the Court.

EASTON, Pa., Jan. 1.—E. L. Riegel, of Bloomsbury, N. J., who was wounded in an impromptu duel at that place last Sunday, has had his adversary, William B. Bebbier, of Germantown, arrested on a charge of murderous assault. Dr. J. S. Linnaberry, of Bloomsbury, became the bondsman. The story told by Riegel's wife, whose alleged flirtation with Bebbier was said to have led to the duel, throws a new light on the affair. She says her husband is inordinately jealous and very head-strong and that Bebbier's actions, while a guest of their house, could not possibly be construed in an evil light.

Mrs. Riegel's parents, Mr. and Mrs. Clarkson Farron, of West Portal, claim that the doctor had treated his wife badly for a long time, and this was the reason why she left him and went to live with them. No one charges Mrs.

Riegel with wrongdoing. Bebbier threatens to retaliate by bringing suit against Riegel, and the probabilities now are that the case will be settled in the courts.

VALUABLE BARN BURNED.

J. F. Woodyard Sustains Another Severe Loss of Property.

Special Dispatch to the Intelligencer.

PARKERSBURG, W. VA., Jan. 1.—J. F. Woodyard's fine barn, three miles from Parkersburg, burned last night, with six head of horses and two calves, besides four hundred bushels of corn, over four hundred bushels of oats, a big lot of hay, a great quantity of ensilage, road machines, plows, wagons, buggies and many other things. The loss is fully \$6,000; insured for \$3,700. Forty-five head of cattle and thirty-four head of sheep were rescued from the burning building. The cause of the fire is unknown. Four years ago Mr. Woodyard met with a similar but greater loss, his home and forty-two head of fine cattle burning.

ANOTHER CANDIDATE

For the United States Senate—Hon. John R. Floyd Announces Himself.

Special Dispatch to the Intelligencer.

CHARLESTON, W. VA., Jan. 1.—Hon. John R. Floyd has announced himself a candidate for the United States senate. He is a nephew of John B. Floyd, secretary of war under Buchanan, is thirty-eight years old, served twice in the state senate as a Democrat and twice in the lower house, of which he was the Republican leader. Mr. Floyd has assurance of strong support, and his friends say he will make a good showing in the contest.

NO ARMISTICE

Will Be Granted by Japan Until the Plenipotentiaries Ask For It.

WASHINGTON, Jan. 1.—Minister Kurino said to-day that in his judgment there would be no armistice and no abatement in the war between Japan and China until the peace plenipotentiaries have actually assembled, have formulated some basis which will warrant a cessation of hostilities and have themselves asked for an armistice.

Mr. Kurino received unofficial information at an early hour this morning that a manifesto had been presented to the Japanese by the Liberal party, breathing the war spirit and asking the government to push on to Peking before consenting to an armistice.

"The Liberal party is an influential body in Japan," said the minister, "yet it is one of several parties, and if the report is confirmed, I will not regard it as significant as affecting the attitude of the government. The government has a fixed policy, and will proceed as it deems best for the good of the country, without reference from manifestos from parties."

"There is talk of an immediate armistice," continued Mr. Kurino, "which is likely to cause misapprehension. I see no likelihood of an armistice until the plenipotentiaries have met and have agreed to request such action, together with some preliminary order standing to indicate the advisability of terminating hostilities. I am not officially advised that this was the course, but it seems the necessary and only one. It is certain there will be no hurried armistice, before it is known what the plenipotentiaries are really likely to accomplish." The minister talked entertainingly of the great importance of the year just closed, on the history of Japan. Mr. Kurino's name is referred to daily in the press despatches, yet it is seldom that he allows himself to be interviewed. But, as he prepared for his New Year's rounds to-day, he reviewed the significant events of the war. He was dressed in full diplomatic uniform, the breast of his coat being covered with heavy gold embroidery, on which shone four heavy bronze and jeweled medals, while suspended by a wide scarlet ribbon about his neck was a royal decoration of his country.

"It has been a most eventful year for Japan," said he to an Associated Press reporter. "Since the declaration of war last August Japan has advanced steadily. And it is a remarkable fact that while our army and navy has been gaining an unbroken series of victories, the internal resources of Japan have not suffered by being drained for war purposes."

Non-Committal.

SAN FRANCISCO, Jan. 1.—Charles Fair was asked the direct question: "Do you intend to contest your father's will?"

"I know nothing about it," he answered. "I have no personal attorney and have not advised with any one. I have given little consideration to the will except to read it over."

Halstead Colliery Pumped Out.

WILKESBARRE, Pa., Jan. 1.—The Halstead colliery of the Delaware, Lackawanna & Western Railroad Company, at Duryea, was pumped out to-day. It was flooded two months ago by a running stream. The loss to the company was \$50,000, and 800 men are idle.

Record of Another Veteran Protectionist.

To the Editor of the Intelligencer.

SIR:—I see you have been publishing the vote of some of the older Republicans of our state. Noah Stout, of Big Isaac postoffice, has as straight a record, I suppose, as any voter near this place. Mr. Stout was born March 4, 1809, and cast his first presidential vote in 1822. He says he has forgotten the name; also in 1836 he does not recollect the name, but he said they were Whigs. In 1840 he voted for William Henry Harrison; in 1844 for Henry Clay; in 1848 for Zachary Taylor; in 1852 for Winfield Scott; in 1856 for Millard Fillmore; in 1860 for John Bell; in 1864 for Abraham Lincoln; in 1868 for U. S. Grant; in 1872 for U. S. Grant; in 1876 for R. B. Hayes; in 1880 for James A. Garfield; in 1884 for James G. Blaine; in 1888 for Benjamin Harrison; in 1892 for Benjamin Harrison—and should he live till 1896 he expects to vote for one more Republican.

STARTLING REPORTS.

What the Figures of the Board of Health Reveal.

REGARDING MEN AND WOMEN.

Attempts to Account for the Alarming Increase of Certain Troubles Throughout America.

The New York Board of Health reports show a large increase in the number of deaths from kidney, liver and urinary diseases last week, as well as from the various troubles which afflict women. It is possible that the weather has much to do with this, but there is no denying the fact that these troubles are very prevalent, and require prompt care and attention.

What there is in the atmosphere, the water, or the mode of living that tends to weaken the kidneys and urinary organs of Americans, can only be conjectured, but the sad fact remains that, as a people, we are very weak in these respects. What man does not feel unstrung, lacking in courage, apprehensive and unable to cope with the duties of life at times? Where is the woman who does not have pains in the back, bearing down feelings, depressions, and the thousand and one symptoms that indicate disordered organs? All these things are Nature's warnings. She tells you in the plainest language that she needs help, and that you must aid her or suffer the consequences.

Any one who has read and thought knows that there has never been but one discovery that will invariably control these troubles, and place perfect health in their stead. Doctors and the best thinkers all know this, and agree that for every form of kidney, liver, bladder and urinary difficulty, or female ailments, Warner's Safe Cure stands alone. It is King. There are several hundred thousand men and women in America alone, irrespective of the vast army abroad, who are kept in perfect health and strength wholly by its use. There are thousands of others who need its pure and powerful influence just as badly.

Will you, reader, be warned by the statistics which are shown in the health reports every week, examine yourself carefully, and, if you find any indications of the approach of these serious troubles, act in time. Bear in mind that prompt action is certain to result in restored health and happiness, while delay may mean misery all the rest of your shortened life.

A BIG FIGHT ON

Between the Plate Glass Manufacturers. A Cut in Prices.

PITTSBURGH, Jan. 1.—With the new year will commence the war to the death between the plate glass manufacturers of this country. A cut of 20 per cent from existing prices will be made by the Diamond Plate Glass Company, of Kokomo, Ind., and the Pittsburgh Plate Glass Company. The cut is caused by the recent conference in Pittsburgh of plate glass manufacturers. At this meeting an attempt was made to form a combination of the plate glass interests, but which finally fell through. C. H. McLean, of the Pittsburgh Plate Glass Company, in speaking of this meeting, said:

"We were to increase our stock to \$10,000,000 and buy the other plants. An agreement was finally reached, and these were the valuations: The Pittsburgh Plate Glass Company plant, \$5,300,000; the Diamond plants, \$2,000,000; the Howard works, \$800,000, and the Charleroi and Crystal plants, \$1,000,000 apiece."

"Another meeting was held later in Cleveland at which the Howard Plate Glass Company refused to sell, although the president had agreed to take \$200,000 for the plant at the conference. Consequently the combination was declared off. We have been notified that the Diamond Company would cut the price of plate glass 20 per cent to-morrow. We will make the same cut and the price of plate glass will be 25 cents per square foot. The present price is about 36 cents. The effect of this cut is that all the small plants will have to shut down. The only two that can afford to run are the Diamond and our own. We cannot tell where this will end. The price of plate glass has been coming down right along. Two years ago it was worth \$2.40 a square foot. I cannot predict what complications will follow this reduction."

A NOVEL METHOD

To Raise Funds for the Colorado Springs Ladies' Aid Society.

COLORADO SPRINGS, COL., Jan. 1.—The Evening Telegraph yesterday turned over its entire printing establishment and editorial rooms to the ladies of the Colorado Springs Aid Society. They issued a mammoth New Year's edition last night. The paper was issued by the Evening Telegraph entirely free of cost to the society, and the amount cleared will be large.

Mrs. A. E. Fouslean acted as editor-in-chief; Mrs. Crawford, managing editor; Mrs. C. S. Sprague, city editor, and Mrs. C. A. Eldridge, business manager. The Associated Press furnished a supplemental report over the Western Union and the Postal Telegraph companies' lines, completing the edition with a large amount of special matter free of cost.

"It made me Hands that Sor"
I couldn't slape; an' if it was that harrd on me hands, how harrd it must be on the durrt!
This is the way a good old Irish woman praises some washing-powder or other which she prefers to Pearline. As it was proven she had never tried Pearline, the compliment would appear to be in favor of Pearline.
Whoever heard of any one claiming that Pearline hurt the hands? But there's the trouble—Pearline is the original washing compound; its popularity has drawn out thousands of imitations—so popular that to many it indicates any powdered washing material. If you are using Pearline, you are satisfied; if you are dissatisfied, try Pearline. If you are using something with which you are satisfied and it is not Pearline, try Pearline—you will wonder you were satisfied before. Pearline is economical and absolutely harmless. Every grocer sells it. 415 JAMES PYLE, N. Y.
